

I wanted to thank you and your team for the wonderful day the students from Hillcrest Christian College had at METEC on the 18<sup>th</sup> of August.

It was an invaluable session that everyone enjoyed.

I also wanted to query about how I should go about making a booking for next year.

We will have approximately double the number of students in year 10 in 2010 and so would be looking at getting about 50+ to attend the drivers day.

If you could advise me on who I should contact to make a booking, that would be greatly appreciated.

Thank you and warm regards

Hillcrest Christian College
